COLORING PAGE

Piper "The Pilot" Weevil is ready to kick the tires and light the fire of one of his numerous Piper aircraft that are housed at the Enterprise Municipal Airport (KEDN). He has a long running aviation history thanks to his namesake, William Thomas Piper, Sr, who was a National Aviation Hall of Fame Member, American airplane manufacturer, engineer and founding president of the Piper Aircraft Corporation. Whether you are a pilot, a frequent traveler, or just someone who happens to be curious about aviation, Piper Weevil is here to greet you. He's always happy to show off the airport's great features and to help you navigate the friendly skies over the City of Enterprise, Alabama.
